### Short description of the public auction procedure:

Sale of capital by Public Auction is performed by the Auctioneer. The Auctioneer is chosen by the Privatization Agency. Supervision of the Auction, registration of the participants, declaring of the unsuccessful auction, signing of the auction minutes is done by the Commission which is also involved in other activities concerning the auction in accordance with the law. Conditions for starting of public auction are fulfilled if at least one person has acquired the status of participant and if this person or his/hers duly authorized representative are present. The Auctioneer will open the first auction at the time settled for its opening where means of payment can be cash and matured foreign exchange household saving bonds. If on the first auction more then one bidder participates, the auctioneer announces the

starting price and each following increase. If after invitations for acceptance of new announced price no bidder raise his/her hand, the auctioneer announces the end of the auction with the hit of the hammer. The sale price will be the highest offered price and the winner will be the bidder who accepted it. If after the third announcement of the starting price no interest is shown, the auctioneer declares first auction unsuccessful with the hit of the hammer and starts second bidding where means of payment can be in foreign exchange household savings bonds of any maturity. Participants will be bidders applied for the second auction and from the previous auction if it was unsuccessful. If on the second auction more then one bidder participates, the auctioneer announces starting price and each following increase. If after third

announcement no interest is shown, auctioneer announces the end of the auction with the hit of the hammer. The sale price will be the highest offered price and winner will be the bidder who accepted it. If after the third announcement for acceptance of new starting price there were no interested bidders, the auction is declared unsuccessful and participant forfeit their deposits. When on the second auction only one bidder participates, he is invited to accept starting price for three times. If he accepts starting price he is declared a buyer where starting price is sale price. If he refuses the starting price, the auction is declared unsuccessful and he forfeits his deposit.
